They are also thinkers, probing ideas and challenging themselves and each other.

**– JESSIE KORNBERG '07**  
President and CEO

*My professors at UCLA Law were generous and enthusiastic in sharing their knowledge, and my colleagues were friendly and talented. I came out of UCLA Law excited to practice, and I've been using the knowledge I gained there ever since.*

**– SMITHA DANIELYAN '10**

Los Angeles is often called a micro-cosm of the world—one of the most diverse, beautiful and vibrant cities on the planet.

Los Angeles offers a rich artistic, social and cultural environment that has something for everyone. Sample fare from food trucks, check out film festivals or outdoor concerts, and attend UCLA Bruins football games at the Rose Bowl. Hike the canyons, relax at the beach or visit cultural institutions like the Getty Center or Walt Disney Concert Hall—all just minutes from campus.

L.A. is a place where creativity and new ideas flourish, where a robust economy connects to every continent, and where the most important legal issues of our time emerge and take form.

# CURRICULUM OVERVIEW

At UCLA Law, we provide a dynamic education that prepares students to become leaders in all areas of the law.

From the outset, students explore the foundations of legal reasoning with esteemed professors who, in many cases, literally wrote the book on the subject. Students begin their UCLA Law career with our pioneering, week-long orientation program that eases the transition to law school. In addition to traditional courses, first-year students take a semester-long elective course chosen from an array of topics including international and comparative law, environmental law, LGBT law and policy, immigration law and more.

During the second and third years, students can structure their curriculum to suit their interests by selecting from among more than 200 advanced courses. Approximately 87% of all upper-level classes enroll fewer than 50 students, and 70% of all upper-level classes enroll fewer than 25 students. Students also can pursue their interests by:

- Developing practical skills through our groundbreaking experiential education program
- Exploring non-traditional legal topics through small seminars, sometimes taught in professors' homes
- Broadening their expertise with interdisciplinary courses taught in other campus departments
- Studying abroad at one of our 16 partner law schools
- Going to Washington, D.C., for eye-opening externships through the UCDC program
